

Mid-mounted Mower Decks

A new product range for the Groundcare Warehouse, our mid mount rotary mower decks have been designed to suit the complete New Holland Boomer range and are available to fit both standard and Supersteer™ tractors. Side discharge or rear/mulch models will be available to suit your requirements.

B2000 with a 150cm mid mounted deck

Key Features

- Heavy gauge robust steel construction
- Heavy duty gearboxes, belts and pulleys
- Most models available with independent hydraulic lift mechanism
- Large blade overlap to ensure quality finish
- Covered belts for safety
- Anti-scalp rollers to limit grass damage
- Easy fit with drive over facility for most models
- Variable height cut adjustment

TZ21/4 with a 150cm mid mounted deck and 650l Collector

Options

- Mulching kits and blades
- 120/150/180cm cut width options
